

ELITE

TECH SHOWCASE & ANNUAL GOLF OUTING

June 24 & 25, 2026 | Grand Geneva Resort, Lake Geneva WI

Each summer for the past five years, nvisia has brought together over 150 ELITE technology leaders from the Greater Milwaukee, Chicagoland, and Madison areas for an exclusive golf outing and networking event in Lake Geneva, WI.

Building on the success of our first year, we're entering year two of this two-day experience—beginning with a content-rich agenda on day one, followed by golf and a social event on day two. Modeled after our Tech Showcase conference, this format is designed to create even more opportunities to connect, learn, and grow by blending meaningful conversations with time to support collaboration and spark new partnerships.
